

NorQuest International 🍁

The NorQuest Advantage

NorQuest College, one of Alberta's largest publicly funded community colleges, offers workforce-relevant programming to meet the increasing demands of our economy. Discover diploma and certificate programs in health, business, technology, and community studies, along with English language training, academic upgrading, and university transfer courses.

Our inclusive and supportive learning environment and student-centred approach will prepare you for your career or next stage of learning. NorQuest international students are valued members of the community and our graduates go on to make connections both locally and abroad.

The NorQuest Experience

NorQuest students receive access to many amazing services and resources, including:

- Library services
- Health and dental insurance
- Health and wellness services
- Scholarships and awards
- Career Education Centre
- Students' Association of NorQuest College
- Tutorial and Academic Coaching Services

NorQuest International

We are committed to the success of international students studying at NorQuest and assist with:

- program selection and application process
- the immigration process and advising
- settlement support
- online pre-arrival sessions
- academic and immigration workshops
- referrals to internal and external resources
- personalized advising with culturally experienced staff

Why Study in Canada?

- It's a safe, peaceful, and multicultural society
- Canadian education is recognized worldwide
- Gain valuable Canadian work experience after graduation

The Edmonton Advantage (study and work in Alberta's capital city)

Edmonton is a growing city with cultures from all over the globe. A large, diverse city with a small town feel, Edmonton is welcoming and safe with opportunities for newcomers in employment, business, sports, recreation, and culture.

There are a number of internationally recognized post-secondary institutions in Edmonton, making international students a key part of our city's community and NorQuest helps graduates take advantage of local and global employment and business opportunities.

Other key factors that make Edmonton a great city to live and learn in:

- low cost of living and taxation compared to other major Canadian cities
- multicultural city experiencing rapid growth
- over 30 major festivals every year
