

2019-2020

Medical Device Reprocessing Technician

Program Overview

The Medical Device Reprocessing Technician program prepares skilled graduates to enter the workforce to perform the critical work of sterilizing, packaging, and storing surgical and medical instruments.

Career Potential

Graduates of this program have opportunities to work in the medical device reprocessing departments of hospitals and health providers. The medical device reprocessing field is growing steadily with an increasing demand for well-trained technicians to work in the health industry.

Admission Requirements

- 60% in English Language Arts 30-1 or 70% in English Language Arts 30-2 or equivalent

ELP Requirements

If English is your second language, you must provide proof of English language proficiency (ELP) prior to admission. ELP test results must have been obtained within two years of the start date of your program.

Acceptable evidence of ELP may be one of the following test scores:

- CLBA: no section score below 8
- IELTS Academic: 6.5; no section score below 6
- TOEFL iBT: 84; no section score below 21
- CELPIP General: 8; no section score below 7
- CAEL: 60; no section score below 60
- minimum of 80% in [ESLS 8000](#) or [ESLS 8100](#), and 80% in [ESLW 8000](#) or [ESLW 8100](#); or minimum of 50% in [ESLG 1860](#) and [ESLG 1861](#)

Note: ELP is a separate requirement from the English academic admission requirement.
