

2020-2021

Medical Device Reprocessing Technician

Program Overview

The Medical Device Reprocessing Technician program prepares skilled graduates to enter the workforce to perform the critical work of sterilizing, packaging, and storing surgical and medical instruments.

Career Potential

Graduates of this program have opportunities to work in the medical device reprocessing departments of hospitals and in other health facilities that reuse medical equipment and instruments. The medical device reprocessing field is growing steadily with an increasing demand for well-trained technicians to work in the health industry.

Admission Requirements

- Language Arts – this requirement can be met with any of the following, or an equivalent course:
 - 60% in English Language Arts 30-1 or 70% in English Language Arts 30-2
