

2022-2023

## Environmental Protection Technology

### Program Overview

Environmental protection technologists provide an important service to society by helping protect and sustain the long-term health of our ecosystems. This two-year diploma program will prepare students for technical work in the environmental sector.

### Career Potential

Successful completion of the two-year program prepares graduates for employment at the technology level within consulting firms, government, and industry, with excellent potential for upward mobility as job experience grows.

### Admission Requirements

- Language Arts – this requirement can be met with any of the following, or an equivalent course:
  - 50% in English Language Arts 30-1 or 60% in English Language Arts 30-2
