## ATTENDANCE

Attendance is important in developing a professional work culture that values responsibility, respect, and commitment to practice. Attendance demonstrates that students have participated in the entire educational process in addition to their academic performance.

Although you are an adult learner and can choose whether or not to attend class, some learning experiences (e.g. labs, exams, clinical, practicum, and Workplace Integrated Learning (WIL)) may be mandatory. In the case of mandatory attendance days, you will be required to provide adequate documentation (e.g. doctor’s note, etc.) regarding absences. If you have questions regarding mandatory attendance days, please speak with your instructor or review the course outline.

In addition:

- Please treat your classroom as a workplace – let your Instructor know in advance if you cannot attend, and make a plan to complete missed coursework.
- Vacations should be planned for scheduled College breaks (e.g. Christmas, Reading Week, etc.)
- Please note that practicum hours need to be completed as described in the course outline.

## PROGRAM OVERVIEW

You are responsible for your success in the program, and your instructional team is eager to partner with you in this endeavor. The Social Work Diploma Program is a challenging, demanding program to prepare you to enter the social work profession. To succeed in the program it is recommended that you consider and follow the “Tips for Success”.

## PRACTICAL TIPS FOR SUCCESS IN THE FULL-TIME PROGRAM

- **Attend Orientation:** Important information about your program and the College is provided to set you up for success.
- **Prepare for class:** Each instructor will outline a plan for pre-reading, assignment preparation, and other ways to maximize your time in the classroom and lab.
- **Engage and participate:** There is a difference between attending class and actively participating in your learning experience. Ask questions, engage in discussions, and reflect on your learning experiences.
- **Communicate with your instructional team:** If you are concerned about your success, or need
additional resources, initiate contact with your instructor by emailing, dropping in during office hours, or making an appointment.

- **Utilize your Student Navigator:** If you need assistance navigating College services, designed to maximize your potential for success, please see your Student Navigator.
- **Stay informed:** Students are asked to check NorQuest email daily, as this is the **ONLY** email address that any College employee will use to contact you. Check the student website at [www.student.norquest.ca](http://www.student.norquest.ca), check your MyQuest page for mark information, and **frequently** check your course page on Moodle. As well, you receive regular general communications by email from the program area.
- **Make a plan for success:** Plan for success early in your program. Maintain an up-to-date calendar of due dates and block study, review, and assignment preparation time. Ensure that you are balancing your studies with other aspects of your life, to manage stress. If you need resources or assistance with time management, see one of our team members at the Centre of Growth and Harmony located in Room 1-101, Singhmar Centre for Learning. It is not uncommon for post-secondary students to feel overwhelmed by workload, so seek assistance if required.
- **Buddy up:** Meet other students in your courses, so that you have someone to ask for assistance if you are away. Your instructional team recommends forming study groups with other students as a study and support strategy.

**ORIENTATION**

Orientation to the Social Work Diploma program is for all new and returning students. Information pertaining to this and other important notifications can be found on your mynorquest.ca account.

**COURSE ASSIGNMENTS**

Unless otherwise instructed, your assignments are due at the start of class on the date indicated by the instructor. If no due date is indicated, the assignment is due on the last day of regular classes.

Your instructor will indicate how assignments should be handed in (by email, in print, or uploaded to Moodle.) *Follow the directions carefully*, as this information varies assignment-to-assignment.

**LATE ASSIGNMENTS**

If you are unable to submit the assignment on the due date, you must request an extension **before** the due date. You will be expected to initiate a discussion with your instructor and provide documentation (e.g. medical note) to support your request for an extension.

*If your assignment is late, you will receive a penalty of 5% off per day, up until the day that the class’ assignments are returned to the class with a grade. At this point, no late assignments will be accepted.*

*Only in extenuating circumstances may the instructor consider if an exception to the above course assignment policy be applicable.*

**TRANSFER CREDIT**

Students may be eligible for credit for previous coursework at other post-secondary institutions. Students must apply for transfer credit to be assessed, and follow the policies outlined by the Office of the Registrar. More information, and the Request Form, can be found at: [https://www.norquest.ca/getattachment/bacc0a80-285e-4f58-b187-bd5987ac2103/Transfer-Credit-Request-](https://www.norquest.ca/getattachment/bacc0a80-285e-4f58-b187-bd5987ac2103/Transfer-Credit-Request-)
UNIVERSITY TRANSFER

Please note that certain courses are administered by the College’s University Transfer department. These include English, Sociology, Psychology and Health Education courses. While taking these courses, you are subject to policies of the University Transfer department.

Advice concerning university transfer and course outlines: If you – in some future time - apply for admission to study in another post-secondary institution and you want that school to consider advanced transfer credits for courses you have completed at NorQuest, you will most certainly be asked to submit the related Course Outlines, including their respective syllabi. These documents are required in order that the courses in question will be assessable for transfer credits in the program being applied for. Thus, it is therefore important that over the two years in SWDP, you sustain the good habit of saving course outlines and syllabi so that you will have a ready collection of these documents to submit along with your request to the other post-secondary institution for its consideration of advanced transfer credits.

More information specific to NorQuest College’s Social Work Diploma Program’s transferability under Block Transfer.

SOCIAL WORK DIPLOMA PROGRAM PRACTICUM CURRICULUM

You will be provided with detailed information, including a Practicum Manual, as you prepare for your practicums. **Winter and Spring terms.** A successful placement includes a strong partnership between the student, the College, and the practicum site. Each student is assigned a Practicum Agency Field Supervisor at the practicum site; and a Faculty Supervisor who is an instructor of SWDP acting to monitor the student progress through phone calls, email, reviewing learning journals, and site visits. The instructor uses feedback from the Practicum Agency Field Supervisor’s evaluation to determine a grade of P (PASS) or F (FAIL) for SOWK 1026/1027/SOWK 2026/2027.

In your program, you will complete - as regulated for an accredited social work diploma program in Alberta – 700 hours of practicum – i.e. 350 hours Year 1 and 350 hours in Year 2. You fulfill these 700 practicum hours through passing the SWDP practicum curriculum comprising the following:

In the "practicum lab" classes (SOWK 1023/2023), your instructor will provide details about how the practicum placement process works aiming to have you placed in an organization/agency for SOWK 1026/1027/2026/2027 in the assigned terms (i.e. Winter January to April and Spring May and June). Here, you are advised to note a couple of things as follows:

Year 1 and Year 2 Total Hours: 700 hours

- You will need to pay tuition for your practicum, as any other course. Tuition is calculated by credit value, so ensure you are informed of the practicum course tuitions by contacting the Office of the Registrar, or reviewing the Tuition and Fees Estimator at: https://www.norquest.ca/resources-services/student-services/funding-your-education/tuition-fees-estimator.aspx

- A police record check (Police Information Check) which includes vulnerable sector, and a child protection system check (Intervention Record Check) are required, and their completion for practicum placement purposes is documented. Your instructor will guide you as far as timing in completing of this requirement. Please note that a positive police record check may impact your ability to be placed in practicum placements, as well as prevent you from being a registered social worker with the Alberta College of Social Workers. Although the Program works closely with you to support your success, it is at the student’s risk to enter into the Program knowing of the inability to be accepted into a practicum placement due to a positive police record check. This will result in not being able to fulfill the program requirements for graduation. Please also note that the expense for obtaining these documents is the responsibility of the student.

EXAMINATIONS

Examinations are used to assess mastery of course outcomes in all theory courses. Each course outline specifies the examinations you will be required to write and the passing grade you will be required to achieve to meet course requirements. Please see section titled Examination Protocol for more information.

PROTOCOL FOR WRITING EXAMINATIONS

- Academic Honesty

  You are expected to work on your own during an examination.

  Be aware that glancing at the work of your fellow students or exchanging glances with other students is not appropriate. Communicating with other students in any way is prohibited.

  Sharing your answers with other students during an examination is not allowed.

  It is recommended that you cover your work while you are completing an examination so others will not be tempted to glance at your answers.

- Asking a Question

  If you have a question, raise your hand and the examination proctor will come to you.

- Examination Materials

  Check to ensure that you have the correct number of pages.

  Ensure that you have the right style of multiple-choice answer sheet if one is required.

  All scrap paper used in the examination must be handed in to the proctor upon completion of
• **Personal Belongings**

  All personal belongings (backpacks, purses, bulky jackets, cellphones, PDAs, etc.) must be left at the front of the classroom or with the examination proctor.

• **Technology**

  Cell phones and Apple watches are to be turned off and stored with the rest of your belongings. If you are expecting a call regarding an emergency situation, please inform your proctor. Your proctor will monitor your communication device while you write the examination. If a calculator is being used during an examination, it will be provided to you by the program area. You cannot use the calculator on your cell phone or personal device.

• **Washroom Break**

  It is highly recommended that you try not to leave the room during an examination. If you must leave the room to go to the washroom, you must obtain permission from the proctor, give your examination, working papers, and answer key to the proctor prior to leaving the room. You will be escorted to and from the washroom area.

**ON YOUR DESK DURING EXAMS**

• You must present **picture identification** in order to write your examination. If you do not present identification, and your identity cannot be verified by faculty or staff, the examination supervisor will ask the individual to leave the examination room. You must place your College identification on the right corner of your desk and write your student identification number on the examination sheet. If you have forgotten your College identification, you may use other photo identification (e.g. driver’s license).

• **No cell phones**, iPods, or personal devices are allowed during an exam. Ensure these are turned off prior to storing them for the exam. If your cell phone rings and disturbs the class writing the exam, you may be removed from the exam.

• You are allowed **writing materials** (pen, pencil, eraser) and other materials only as permitted (i.e. a calculator may be permitted)

• **All personal items must be left** in a locker or placed at the front of the room.

• Water bottles may be permitted during exams at the instructor’s discretion.

**EXAMINATIONS IN MOODLE**

• Your instructor will indicate if exams are to be written in Moodle, and provide a link within the course. No other windows may be open at any point during the exam period.

• Online Program: Students must adhere to the College’s Student Exam Request Procedures when booking exams. Detailed information can be found at [https://www.norquest.ca/about-us/policies-procedures.aspx](https://www.norquest.ca/about-us/policies-procedures.aspx)

• **Failure to respect examination policies and procedures may result in severe penalties**
LATE ARRIVALS FOR EXAMS

If you will be late for an exam, please email your proctor and/or your instructor to inform them as soon as possible prior to the exam starting. Failure to notify may result in an exam grade of Zero (0).

If you are late for an examination, you may not be able to write your exam if 25% of the exam time has passed. This is in order to ensure exam integrity. If you are allowed to come into the room late to write the examination, you will not be given any extra time to write.

MISSED EXAMINATION

If you are going to be absent for the writing of a scheduled examination, you are required to notify the program office prior to the exam writing time. Failure to notify will result in an exam grade of zero. Please see the section, Rescheduled Exams and Examination Deferrals for more information.

Please do not plan vacations during exams. A vacation is not an acceptable reason for exam deferral.

RESCHEDULED EXAMS AND EXAMINATION DEFERRALS

A rescheduled exam is a planned request due to non-emergency situations. It is the responsibility of the student to review the class schedule and determine priorities accordingly. Please discuss any issues with your instructor directly. If you have a need to reschedule an exam, you should note that vacations should be planned for designated College breaks and are not a reason for rescheduling. Academic penalties may apply if students choose not to attend exams.

An exam deferral is an emergency or unplanned request that causes a student to be unable to write an exam on the scheduled date. Steps for exam deferral include:

a. Notify your instructor and exam proctor (if different) by email as soon as possible if you are going to be unable to write the exam as scheduled...
b. Submit a “Request for Deferral – Examination” form and provide documentation (e.g. medical note) if required to support your request.
c. The instructor, with the Program Chair’s approval, will make a decision about your deferral.
d. Once a deferral is approved, you have two working days to contact your instructor to reschedule the exam. Deferred exams must be written within 5 days of the originally scheduled date. Program Chair approval is required for longer deferrals.
e. Please note that if you have already viewed the exam, it is considered an attempt at the exam and the exam has been written, as per the examination policy.

RELEASE OF EXAMINATION MARKS

Marks will be released on MyQuest. Do not approach the program staff regarding the exam results prior to the release of the marks. Your instructor will inform you should there be a delay in the release of marks.

If an exam mark is posted and you believe this mark to be inaccurate, then you must first approach your instructor to discuss the issue. If your instructor is unavailable, you may discuss the issue with a Program Chair, and arrange to have a content expert address your questions, explain the rationale for
the mark you received, and the level of understanding or skill you would need to demonstrate in order to obtain full marks. If you are unable to resolve the issue in this manner, you may initiate an appeal process (see Appeals section).

EXAMINATION REVIEWS

Instructors will not return exams, but will review exam material with you. Should you fail to have an exam mark posted, your first course of action is to contact your instructor. If your instructor is unavailable, you may then contact a program team member and/or the Program Chair to address the issue.

Your instructor may review the exam with the whole class. If you still have questions after this review, or require an individual review, you will need to make a request for Exam Review within five days of the mark being posted.

For final examinations, your instructor may or may not be available to assist you with the review, but a designate will be provided.

GRADE INFORMATION

RELEASE OF GRADES

All exam grades are posted in Moodle within 10 business days. If an error is made calculating a student’s grade, which results in the wrong grade being posted, the student should contact their instructor.

In order to progress from one semester to another, you must attain a minimum 2.0 (C) grade point average (GPA).

**STUDENT CONDUCT IN ACADEMIC MATTERS**

It is the student’s responsibility to read, and ensure they understand the standard practices for their program area and the College. You are responsible for following the policies.

In addition, please refer to our website for more information on the Office of Student Judicial Affairs (OSJA), which coordinates the administration of the Student Management Policy and Student Judicial Affairs procedures. These policies and procedures govern student academic and non-academic behaviour, performance, and integrity, and provide a means for dispute resolution. It is the student’s
responsibility to ensure that they read and understand the processes and procedures related to the Office of Student Judicial Affairs, including the "Student Rights & Responsibilities" and the "Student Code of Conduct", which can be found on the College website at http://www.norquest.ca/resources-services/student-services/office-of-student-judicial-affairs.aspx

In most fields of study, students benefit from sharing ideas with their classmates, friends, or family. Often, during the exchange of ideas, an original idea can develop into a stronger or more complex idea. This is a benefit of classroom or online discussions between students. Therefore, students should read course materials before class and arrive with questions and ideas related to the topic to be taught. Online students should stay in contact with their instructors and other online students to develop and discuss ideas.

Respect for your fellow students and program staff is expected. Many controversial subjects are discussed and you are free to disagree with views presented by your instructor and fellow students; however, you must do so respectfully.

Again, it is your responsibility to read and ensure you understand the standard practices for your program area and the college. You will have to accept any consequences associated with not following the policies even if you do not read them.

**ACADEMIC INTEGRITY**

Please review the following information provided by the Office of Student Judicial Affairs:

Please review the procedure regarding Academic Misconduct and Non-Academic Misconduct:

Please note that academic dishonesty is any activity on the part of a student that defeats the purpose of the assignment or lab activity. Activities may be ones that a student clearly understands are dishonest. Examples are as follows:

- Using the same assignment to get credit in more than one course
- Submitting the same assignment when repeating a course
- Downloading/copying information from the Internet or copying from texts or journals or another student and claiming that work as your own
- Helping another student by allowing him/her to copy or use your work
- If you collaborate with others on an assignment, ensure that your work is original or that you give credit to the source.

**All work is to be referenced in APA, unless otherwise indicated by the instructor.**

The Learner Centre offers regular tutorials regarding APA, and more information can be found at:

http://libguides.norquest.ca/apa6
ACADEMIC PROBATION

If you are not maintaining a semester GPA of 2.0 (C), you may be placed on academic probation. While in a probationary status you must achieve passing grades in the next three discipline specific courses taken. This does not include common or interdisciplinary courses.

If, at the end of the probationary period, your semester average is 2.0 (C) or higher, you will be considered to be in good academic standing. If, at the end of the probationary period, your average remains less than 2.0 (C), you may be withdrawn from the program.

Academic Probation (ACP) is a means of identifying students at risk in the Social Work Program of either failure or not being able to continue in the Program. When a student has failed a course or failed to maintain a GPA of 2.0, they are placed on ACP for their next 3 courses. While on ACP, the student must maintain a 2.0 GPA in each course. If the student fails a course while on ACP, or is unable to meet the requirement of 60% in their next 3 courses, the student may not be able to continue in the program. Once you have successfully completed your next 3 courses while on ACP, you will be returned to status as a student in good standing and Academic Probation will be removed.

A student is automatically put on Academic Probation under the following circumstances:

- If you are re-admitted to the program after being required to withdraw for academic reasons
- If you commit an act of academic dishonesty but are allowed to remain in the program
- If you fail 1 course while in the program
- If your GPA falls below 2.0 in any semester

Please note: there are additional requirements you will need to meet while on ACP which you should discuss with the Program Chair. You will also be unable to register in future courses until you have met with the Program Chair who will approve your course plan.

REPEATING A COURSE

If you unsuccessful in a course as an unsatisfactory course grade, you will be required to repeat all parts of the course. This includes all examinations, assignments, or lab assessments required for that course. In your second attempt of the course, you cannot re-use your assignments from the first attempt.

If you are unsuccessful in a course, you will be required to repeat it at your own cost. You may only enroll in other courses if you have met all of the pre/co-requisites. When you repeat a course, you must complete all components of the course and may not re-submit any previously completed work.

You are only permitted 2 attempts to pass a course. You will be placed on Academic Probation after your first attempt and you will be withdrawn from the program if you are unsuccessful with your second attempt.

SHARED RESPONSIBILITY AND LEARNER IMPROVEMENT PLANS

Your success in learning is a shared responsibility between you and your instructor. During the course of your program your progress will regularly be assessed. If, at any time you are having difficulty meeting course performance outcomes, you may be required to meet with your instructor. For minor concerns the instructor may provide guidance and direction verbally, or by email. Other concerns may warrant a Learning Improvement Plan, to advise you of any areas in which you need to improve.
The written Learning Improvement Plan is used to aid both you and your instructor to identify the areas of concern. The first portion of the Learning Improvement Plan, completed by the instructor, will outline his or her assessment of your current level of performance in relation to the level of performance required to be successful in meeting the course/program objectives.

The second part of the Learning Improvement Plan, completed by the student, clearly identifies the actions you will take to improve your chances of successfully completing the course/program requirements. The instructor may work with you to develop this action plan, or refer you to the Program Chair who can help you to identify potential obstacles and discuss strategies for overcoming those obstacles.

The goal of the Learning Improvement Plan is to outline any areas of concern, steps to be taken in order to address those concerns, dates for reassessment, and persons designated to reassess your progress, as well as resources available to you and the consequences of not meeting the course/program objectives. If at any time you do not understand the expectations stipulated in the Learning Improvement Plan, please ask for clarification.

If the performance issue is of a more serious nature, or if you, your instructor, and the Program Chair are unable to clearly delineate the issues related to your lack of success, then a case conference will be held. The case conference will include you, your instructor, a Program Chair, and a student advocate (usually a counsellor). The case conference may include an academic strategist, a student support specialist, or the Program Chair. The persons attending the case conference, and the choice of person to chair the case conference, will be determined by the issues to be addressed.

During the case conference, your performance issues will be discussed with you, and strategies will be identified to help you become more successful. These items will be written down in a Learning Improvement Plan, as stated above. It will be your responsibility to follow through on the Learning Plan commitments that you make when building the Learning Improvement Plan.

Please note that a case conference may be initiated at any time in order to address either academic or behavioural concerns. All students are expected to act in accordance with the Student Code of Behaviour and within the bounds of their role as a health-care professional.

If you are still unable to meet course/program outcomes, the consequences stipulated in the Learning Improvement Plan will be implemented. A sample Learner Improvement Plan form is found at the conclusion of this manual.

EVALUATION & FEEDBACK TO THE PROGRAM AREA & COLLEGE

It is important to NorQuest College that you receive quality programs and services and are able to find a job related to your education. In order to determine if the College is successful in meeting both goals, you are asked, at various points during the program, to provide anonymous and confidential feedback on the College and the SWD program. Requests for feedback will usually be in survey form, although periodically you may be asked to participate in an in-person focus group.

You will have a number of opportunities to provide feedback on your time at NorQuest:

1. **Class Pulse Checks**: These are instructor-led questionnaires to determine how students’ needs are being met in the classroom, and what could be done to improve the learner experience. These are typically done before the halfway point of the course.

2. **Impromptu Feedback**: The program chair may make an impromptu visit to your classroom to do a quick 60-second survey on your experience in the program so far.

3. **Student Representative Committees**: Each program in Faculty Health and Community Studies elects a student representative to sit on the committee and meet at least once per term with the Chair. The purpose of this group is to provide feedback to the Chair on the delivery of the program and learner experience.

4. **Course and instructor evaluation**: This is a formal survey that will determine your satisfaction with each of your instructors at the end of the course.
5. **Practicum and Program Exit Survey:** This survey will determine your satisfaction with College programs and services.

6. **Graduate Follow-Up Survey and Focus Groups:** After graduation, you may be contacted by Institutional Research to discuss your experience in the program, and your current employment.

With the exception of the Class Pulse Checks, individual faculty members do not see the individual responses to the surveys listed. A summary of the results is compiled and provided to the Program Chair and to the instructor being surveyed. Survey information is used by the College to continually assess and improve the program.
