Overview:
This procedure specifies the roles and responsibilities of NorQuest College (college) employees, people leaders, and People and Talent in relation to managing attendance. The college depends on the contributions of all employees. Employee attendance has a direct impact on the level of service the college provides. High levels of absenteeism lead to a poorer quality of service, lost productivity, and reduced morale of co-workers.

Authority to establish this procedure is derived from the NorQuest College Board of Governors Policy No.5, which delegates authority to the President and CEO to establish policies and procedures for the college’s management and operation.

Employees, People Leaders, and People and Culture all have roles and responsibilities in managing attendance at the college. These roles and responsibilities are:

Authority for Attendance Management
Managers have the authority to approve regular pay, additional pay, and paid leaves of absence for employees that report to them. Deans and Directors have the authority to approve, or delegate approval to a manager, leaves without pay up to three (3) months. Executive Heads have the authority to approve leaves without pay for three (3) months or longer. The Executive Head is able to approve the carry-over of excess vacation.

People Leaders have the authority to approve absences for permanent and term employees that report to them for leaves such as illness, vacation, and personal or emergency leave. They can approve leaves without pay up to 10 days. In addition, they can approve regular hours worked for sessional and casual employees.

Definitions:

Additional Pay: Means pay for items such as overtime, modifiers, and allowances.

Annual Vacation Entitlement: Means the number of hours or days that an employee is normally entitled to if they worked a full year.

Blackout Periods: Refers to divisional defined periods of time where employees will not be approved for paid or unpaid leaves of absence except under exceptional circumstances.

Excess Vacation: Means the carrying of more than an employee’s normal annual vacation entitlement at any given time. For example, if an employee normally earns 20 days of vacation annually and currently they have a vacation balance of 25 days, they have 5 days of excessive
vacation. Excess vacation carry-over will not normally be allowed except in rare instances approved by an Executive Head.

**Executive Head:** Means anyone who manages a division(s) and is a member of the Executive Team.

**Manager:** Means anyone classified as a Manager and manages a division, department, or unit. Managers can include senior managers, deans, directors, Members of Executive, or the President and CEO.

**Planned Absence:** Refers to leaves scheduled or approved in advance. Examples of planned absences are vacation leave, funeral leave, moving day, maternity leave, and leaves without pay.

**Return to Work Plan:** Means a plan developed to facilitate an employee who has been off work due to illness for an extended period of time. Return to work plans can include reduced hours of work or reduced duties. They are normally for a short period of time to assist the employee during their recovery period. People Leaders will work with People and Talent and the college’s ERAP to facilitate return to work plans for employees.

**People Leader:** Means an employee whose job function requires them to organize, direct, and control the work of others. People Leaders can include team leads, chairs, associate chairs, managers, deans, directors, vice-presidents, or the President and CEO. Another term for People Leader is Supervisor.

**Unplanned Absence:** Refers to absences that generally arise unexpectedly making it difficult to approve in advance. Examples of unplanned absences are for personal or family illness and bereavement leave.

**Vacation Liability:** Means vacation accrued but not yet taken. In accordance with generally accepted accounting principles, on July 1st of each year the college is required to record a future liability for employee’s earned but unused vacation.
