POLICY AND PROCEDURE FRAMEWORK POLICY

This document is the parent policy for any College or Divisional procedures. Questions regarding this policy are to be directed to the identified Policy Administrator.

**Objective:**

This policy governs the development, implementation, and review of all NorQuest College (college) policies and procedures. It ensures that the policies and procedures are aligned with the College's commitment to creating an antiracist, decolonial, equitable, diverse, and inclusive organization and that all policies and procedures are being monitored and reviewed consistently and appropriately.

Authority to establish this policy is derived from the NorQuest College Board of Governor's Policy No. 5, which delegates authority to the President and CEO to establish policies and procedures for the college's management and operation.

All new and revised college policies and procedures will be determined, designed, approved, communicated, maintained, and retired in accordance with this policy and its attendant procedures.

Under the authority delegated to the President and CEO from the Board, policies and attendant procedures should be founded by Policy Owners to assist in the operation of their areas of responsibility for the good of the students. Authority, oversight, and support for the administration of the College Policy and Procedure Framework (Framework) expressed by this policy and attendant procedures is delegated to the NorQuest College Compliance Office.

Under the authority delegated by the President and CEO, the Executive Team may issue policy statements on various matters that affect the college. Such statements are to be consistent with policies adopted by the college’s Board of Governors (the Board) and are to be within the limits established by the Board.

The college is committed to recognizing and removing all forms of oppression and bias. Policies and procedures must be compliant with the college’s ongoing focus on antiracism, decolonialization, equity, diversity, and inclusion as supported and outlined in the Policy and Procedure Framework Procedure.

Noncompliance: As per the Code of Conduct Policy, employees are expected to demonstrate a high standard of personal conduct at the
