

# Pivotal Physiotherapy – Volunteer Program!

**Are you interested in Physiotherapy, Kinesiology, Physiotherapy Assistant or any other health wellness field? If so – our Volunteer Opportunity could be perfect for you!**

Pivotal Physiotherapy offers a hands on experience to students who are looking to solidify a career in the fields mentioned above. We have created a place for you to learn, explore, ask questions and observe a private clinic setting. You will be able to work with the professionals and support staff as well as our amazing patients. Our Volunteer Program provides a hand on, practical approach. This program is based on a 32-hour commitment from the volunteer that is formed into 4 hour shifts over a 4 – 8 week program.

Volunteers within the program will be working directly with the physiotherapy aids and will be asked to provide assistance when and where needed to the Physiotherapist's and the patients. Depending on your knowledge base with Kinesiology Anatomy or Physiology you will be involved in many different roles and experiences. The roles and responsibilities fall within the current parameters of the physiotherapy assistant's and will work alongside them. This can include basic cleaning duties, modalities, creating exercise programs under the Physiotherapist's approval and contributing to the overall flow of patients into and out of the clinic in a timely manner.

Volunteers are expected to follow the standard policies and procedures (which are outlined in the Volunteer Program Binder that you will receive before beginning your hours) that make up the culture of our physiotherapy clinic!

If you have any questions in regards to our Volunteer Program, please feel free to contact *Miranda* at 780-992-1400 or send her an email at [fsvolunteer@pivotalphysio.com](mailto:fsvolunteer@pivotalphysio.com) .

We look forward to hearing from you!
